Welcome Note

Dear Colleagues,

It gives us great pleasure to welcome you to the 18th International Congress of the Egyptian Society of Pediatric Allergy and Immunology (ESPAI 2023). Our event is hosting several distinguished international and national pioneers in allergy and immunology. The congress received accreditation with 17.75 CME hours from the American Association of Continuing Medical education (AACME).

We wish to thank the World Allergy Organization (WAO) and the American College of Allergy, Asthma, and Immunology (ACAAI) for their ever-lasting support to our meetings. This year we are blessed to have among us Prof. Bryan Martin the WAO president and Prof. James Tracy the ACAAI vice president. We are also happy to announce that Prof. Anete Grumach from the Center of Reference for Rare Diseases, São Paulo, Brazil, will participate in our scientific program as well as Prof. Sanaa Mahmoud (Kentucky, USA) and the Egyptian experts in pediatric allergy/immunology.

This brochure will provide you with detailed info of all you need to know about the sessions and speakers. Meeting local, regional and international colleagues will be enjoyable indeed.

We look forward to a topmost elaborate congress that will meet your expectations en-shaa-Allah.

Sincerely,

Zeinab A. El-Sayed
